

GEOLOGICAL DATA			CASING DATA	WELL DATA	
-----------------	--	--	-------------	-----------	--

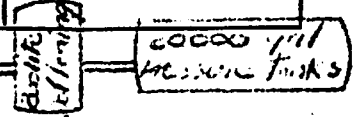

Formation	Material and distance from surface in ft.	Series	Position, kind and extent of casing, liners, shoes, etc.	Scales: Horizontal _____ Vertical _____	Position of seals, screens, static level, etc.
-----------	---	--------	--	---	--

319' of 12" casing to rock  
 170.5' of 10" casing  
 Lead seal at 291.5'

LOG

275'	of clay	275
37'	fine sand	312
38'	shale & thin rock streak	350
50'	rock & thin shale streak	400
20'	alternating streaks rock & shale	420
40'	shale	460
35'	rock & thin shale streak	495

Peerless Turbine

concrete seal  
9' deep

S.L. 150'

Bowls 240

291.5'  
 lead seal 18' 10"  
 steel casing entering shale

319' 12" casing

318' rock

170.5' 10" casing
